Terms of Reference (ToR) – Institutional Performance Evaluation of NDRMF (2016-2025)

1. Executive Summary

The National Disaster Risk Management Fund (NDRMF) intends to engage a qualified consulting firm to undertake an Institutional Performance Evaluation covering the period 2016-2025.

The evaluation will provide an independent assessment of NDRMF's institutional performance, operational effectiveness, governance systems, and the results achieved through a representative sample of NDRMF-financed interventions. It will identify institutional strengths, implementation challenges, lessons learned, and practical recommendations to strengthen future operations and support implementation of the NDRMF Business Strategy 2023-2033.

The assignment will adopt a mixed-methods approach consistent with the OECD-DAC Evaluation Criteria, combining document review, portfolio analysis, stakeholder consultations, and field verification. The evaluation will assess NDRMF's contribution to strengthening disaster risk reduction, climate resilience, disaster risk financing, and institutional capacity, based on available evidence. It is not intended to establish causal attribution through experimental or quasi-experimental methods.

The assignment shall be completed within sixteen (16) weeks from contract signing.

2. Background and Rationale

NDRMF is a Government-owned, not-for-profit company established in 2016 to finance and support initiatives that strengthen Pakistan's resilience to disasters and climate change. Since becoming operational, NDRMF has financed a diverse portfolio of interventions in disaster risk reduction (DRR), climate change adaptation (CCA), disaster risk financing (DRF), preparedness, resilient recovery, and institutional strengthening through federal and provincial government agencies and other Fund Implementing Partners (FIPs).

As NDRMF approaches a decade of operations, it is timely to undertake an independent evaluation to assess both institutional performance and the contribution of its investment portfolio to intended development outcomes. This is the first institution-wide performance evaluation commissioned by NDRMF. The evaluation will provide evidence on how effectively NDRMF's governance, systems, and operational arrangements have supported delivery of its mandate, and the extent to which its investments have contributed to strengthening disaster and climate resilience.

The findings will support organizational learning, strengthen accountability, and provide practical recommendations to improve institutional performance, enhance future investments, and inform implementation of the NDRMF Business Strategy 2023-2033.

3. Purpose and Objectives

3.1. Purpose

The purpose of this assignment is to undertake an independent Institutional and Portfolio Performance Evaluation of the NDRMF covering the period 2016-2025.

The evaluation will assess the effectiveness of NDRMF's institutional systems, governance arrangements, operational processes, and organizational performance, together with the performance of a representative sample of NDRMF-financed interventions. The evaluation will generate evidence on institutional effectiveness, portfolio performance, lessons learned, and development outcomes to support organizational learning and implementation of the NDRMF Business Strategy 2023-2033.

3.2. Objectives

The specific objectives of the evaluation are to:

1. **Assess Institutional Performance** by evaluating the effectiveness of NDRMF's governance, organizational systems, operational processes, fiduciary arrangements, and monitoring, evaluation and learning (MEL) systems.
2. **Assess Portfolio Performance** by evaluating the relevance, effectiveness, efficiency, sustainability and outcomes of a representative sample of NDRMF-financed interventions implemented during 2016–2025.
3. **Identify Development Outcomes** achieved through NDRMF's investment portfolio and assess the extent to which these interventions have contributed to strengthening disaster risk reduction, climate resilience, disaster risk financing, and institutional capacity.
4. **Identify Lessons Learned and Good Practices** to strengthen institutional effectiveness, improve programme design and implementation, and enhance future investments.
5. **Provide Actionable Recommendations** to improve institutional performance, portfolio management, organizational learning, and implementation of the NDRMF Business Strategy 2023-2033.
